Crossover

Clamp-on Tee

Internal Coupling

Palm Support Base

Double Swivel Socket

\* The photos above show the major range of structural pipe fitting that Zoneone made. The photos were taken on the actual production.

\* The material of the products is cast malleable iron, and the finish is hot-dip galvanizing. Powder coating in colors is also available upon customer request.

\* Most items are available in four sizes to suit pipes I.D. 1", 1-1/4", 1-1/2", and 2". More types are available upon enquiry(not shown above).
